

ZyXEL Software Release Notes

Model Name: NWD6605

Release Version: 4.0.0.16.1115

Release Date: November 15, 2018

Installation Tool

Installation Tool	Version
NWD6605_Setup6.0.0.16.1115	4.0.0.16.1115

Driver Support Platforms and Driver Version

Windows XP/7/8/8.1/10 (32 & 64 bit): 1030.25.701.2017

Known Issues

1. When NWD6605 connect to 802.11AC AP/Router, the Windows Zero Configuration will be disconnected for a second then connect again due to transferring to USB3.0 mode.
2. In Windows XP, if there are more than 64pcs APs/routers, the NWD6605 can't show the SSID after doing the site survey.
3. NWD6650 does not support WPS PBC in Windows XP 64 bit.
